Campbell Mfg. Bechtelsville, PA
- ◆ **Includes 2 Ideal Stainless Steel Clamps**
- ◆ **Standard color is black**
Other colors available, please call for details.
- ◆ **Individually bagged with 12 per carton.**

The Campbell™ Torque Arrestor is manufactured from PVC which allows for better resistance and a slower rate of possible part deformation over time. Both of these advantages lead to longer part life.

Installed directly above the submersible pump to protect pump from starting torque damage
