Residential or commercial indoor/outdoor liquid level warning device for lift pump chambers, sump pump basins, holding tank sewage systems, irrigation systems, and other water systems.

**standard features**

- Weatherproof thermoplastic enclosure meets Type 3R water-tight standards.
- Red warning light, non-corrosive horn with silencer switch and automatic reset, and push-to-test alarm switch.
- SensorFloat® control switch with mercury-to-mercury contacts.
- 15 ft./16 gauge water resistant cable.
- Alarm system operates even if pump system fails (when installed on a dedicated circuit).

* Includes installed auxiliary alarm contacts for easy attachment of remote devices.
